SUMMARY

Full Stack Developer and B.Tech Computer Science student with hands-on experience building responsive web applications and e-commerce platforms using the MERN stack. Skilled in React.js, Node.js, Express.js, MongoDB, JavaScript, RESTful APIs, responsive UI development, backend integration, testing, debugging, and performance optimization. Experienced in building applications from scratch and delivering scalable, production-ready solutions.

WORK EXPERIENCE

CODEVERSEBYSAIKUBER

Aug-Dec 2025

Frontend Developer Intern

Remote, India

- Developed a company website from scratch with a focus on responsive design and intuitive user experience.
- Built user interfaces using modern frontend technologies, following clean and maintainable coding practices.
- Applied best practices to improve performance, scalability, and overall application quality.
- Collaborated with designers and backend developers to deliver accurate, production-ready features.
- Tested and debugged components to ensure reliable functionality across devices and browsers.

Funds And Toil Private Limited

May-Jul 2026

Full Stack Developer Intern

Remote, India

- Developed and implemented a full-stack e-commerce website from scratch using the MERN stack.
- Built responsive, user-friendly interfaces with React.js, focusing on performance and seamless user experience.
- Developed backend APIs and server-side functionality using Node.js and Express.js.
- Integrated MongoDB for efficient data management and implemented core e-commerce functionality.

PROJECTS

Cars24 Clone | Used-Car Marketplace Web Application

- Built a used-car marketplace web application enabling users to browse, list, buy, sell, and exchange vehicles.
- Implemented car listings, price estimation, search-oriented user flows, and responsive user interface features.
- Focused on responsive design, performance optimization, usability, and a smooth end-to-end user experience.

Food Delivery Application | Full Stack

- Developed a full-stack food ordering application using Flutter for the frontend and Node.js for the backend.
- Implemented role-based access control for Users, Restaurant Owners, and Administrators.
- Built core food ordering, restaurant management, and administrative workflows with a focus on usability, maintainability, and scalability.

TECHNICAL SKILLS

Programming Languages:	C++, Python, JavaScript, HTML5, CSS3
Frontend:	React.js, Flutter, Responsive Web Design
Backend:	Node.js, Express.js, RESTful APIs
Database:	MongoDB
Cloud & Tools:	AWS, Git, GitHub
Core:	Full Stack Development, API Integration, Debugging, Performance Optimization

CERTIFICATIONS

AWS Cloud Practitioner Essentials

Amazon Web Services (AWS) — Issued Feb 2025

Cloud Essentials Knowledge Badge Assessment

Amazon Web Services (AWS) — Issued Feb 2025

EDUCATION

ITM Skills University — B.Tech in Computer Science and Technology	2023 – 2027
Sri Chaitanya College, Vijayawada, Andhra Pradesh — Class 12	2021 – 2023
Bhashyam High School, Adoni, Andhra Pradesh — Class 10	2020 – 2021

INTERESTS

Cybersecurity, Ethical Hacking, Web Application Security, Secure Coding
